Welcome to Prospectus Therapeutics

History

Prospectus Therapeutics Limited was incorporated in 1995 by Dr Peter Kibuna Gitau a Veterinary surgeon with an MBA, eyeing to capitalize on an increase in the number of small to medium scale farmers as well as an upsurge in the setup of multinational veterinary firms in Kenya. With an astute business acumen gained from his international business experience in Italy where he had undertaken his MBA, he positioned the company as a formidable partner specializing in the

importation, distribution and wholesale of veterinary drugs and equipment as well as agricultural and livestock inputs. Owing to outstanding performance in the Nairobi and Central province markets, Prospectus was later appointed as a distributor by Nobrook laboratories (UK) in the late 1990's going on excel in sales and marketing within the region. have since partnered with leading veterinary manufacturers across the world as their local distributors i.e., Nobrook Laboratories (UK), Troy Laboratories (Australia), Arab Veterinary Industrial-AVICO (Jordan) among many others, allowing us to extend our market lead.

About Us

Over the years we have evolved into a multifaceted healthcare company specialising in the important and distribution of essential, conventional and novel therapies, with a focus on emerging, and prevalent healthcare needs. Our core business segments includes:

- Pharmaceuticals (Human & Vet)
- Non-Pharmaceuticals
- Medical Equipment & Accessories
- Nuclear Medicine Products & Radiopharmaceuticals

At Prospectus Therapeutics, we deploy an unencumbered supply chain, working directly with OEMs and Manufacturers as appointed and authorised distributors. Allowing us to offer our wide range of products at competitive price.

We currently distribute our products through an extensive network of proficient distributors, ensuring equitable access to our products in the Kenyan and East African Region.

Key Highlights

Prospectus Therapeutics success over the years has been a manifestation of visionary leadership and concomitant synergistic efforts by our team of staff constantly pursuing our mission of transforming healthcare and enhancing lives.

Our Values

• Integrity

We believe in honesty, transparency and professional business ethics, in all interactions with various stakeholders.

• Innovation

In the spirit of dynamism, we are constantly working hand in hand with Manufacturers deploying creative thinking to offer novel solutions with improved value propositions.

• Client Oriented

Our operations are harmonized to meet and exceed client's needs with reduced lead times.

• Teamwork

In the spirit of shared prosperity, we promote collaboration both internally and externally, ensuring that together we are able to enhance lives through continuous healthcare transformation.

• Continuous learning

Through continuous professional/personal development initiatives, ensuring we are poised with the necessary knowledge and skills to spearhead dynamism in health.

OUR AREAS OF INTEREST

Our areas of speciality and interest include but not limited to the supply and delivery of:

- Pharmaceuticals (Human & Vet)
- Non-Pharmaceuticals
- Medical Equipment, Accessories & Consumables
- Hospital Furniture & Accessories
- Nuclear Medicine Products & Radiopharmaceuticals
- Surgical Instruments & Equipment
- Hospital Waste Management Solutions
- Laboratory Equipment & Consumables
- Agroveter Inputs and Equipment
- Animal Vaccines

VISION STATEMENT

To become dynamic market leaders embracing healthcare transformation through the provision of comprehensive healthcare solutions that contribute to the enrichment of quality of life in the society.

MISSION STATEMENT

To uphold our social responsibility of equitably delivering the highest standard of healthcare solutions addressing diverse medical needs built on our core values of ethics, integrity, quality, innovation, customer focus, teamwork and continuous learning.

Our Brands

Glovex®

At Prospectus Therapeutics, we take pride in providing a comprehensive range of premium medical gloves designed to meet the highest standards of quality and safety. Our latex, nitrile, and surgical gloves offer optimal protection and comfort for various medical applications. With a commitment to excellence, we strive to support healthcare professionals in delivering exceptional patient care.

Our Product Line:

- **Glovex Latex Examination Gloves (Powdered)**
- **Glovex Nitrile Examination Gloves (Powder Free)**
- **Glovex Surgical Sterile Powder-Free Gloves:**
- **Glovex Surgical Sterile Powdered Gloves:**

Product Name	Specification	Sizes
Glovex® Latex	Latex Examination Gloves (Powdered) 5gm	S, M, L, XL.
Glovex® Latex	Latex Examination Gloves (Powder Free) 5gm	S, M, L, XL.
Glovex® Nitrile	Nitrile Examination Gloves (Powder Free) 3gm	S, M, L, XL.
Glovex® Surgical	Sterile, Latex Powder free	7.0, 7.5, 8.0.
Glovex® Surgical	Sterile Powdered	7.0, 7.5, 8.0.

Prosyrex® Syringes & Needles

At Prospectus Therapeutics, we are dedicated to enhancing patient care through our high-quality Prosyrex range of syringes and needles. With a strong commitment to excellence, our products are designed to meet the stringent standards of the healthcare industry, ensuring precision, safety, and comfort in every application

Our Brands

When it comes to medical instruments, choose Prosyrex® for precision, quality, and care. Our syringes and needles are designed to empower healthcare professionals and improve the patient experience, ensuring that every dose counts. Trust Prosyrex® for excellence in medical devices – because accuracy and reliability matter.

Product Name	Specifications	Sizes
Prosyrex® Syringes	2-part Luer slip with/without needles	0.5ml, 1ml, 2ml, 5ml, 10ml, 20ml, 50/60ml
Prosyrex® Syringes	3-part Luer Lock without Needles	2ml, 5ml, 10ml, 20ml, 50/60ml
Prosyrex® Needles	Insulin Pen Needles	30G 0.3mm × 8mm 31G 0.25mm × 5mm 32G 0.25mm × 4mm
Prosyrex® Needles	Hypodermic Needles	18G × 1 ½ mm 21G × 1 ½ mm 23G × 1 mm 25G × 1 ½ mm

Our Brands

Infurex® Infusion Sets

With INFUREX, we are dedicated to delivering high-quality Adult IV sets with Flow Regulator to ensure accurate and safe intravenous administration for adult patients. Our products are designed to meet the highest standards of quality, reliability, and patient comfort.

Key Features and Benefits:

Flow Regulator: Both IV sets are equipped with a flow regulator, allowing for precise and controlled flow rate adjustments to match individual patient requirements.

Compatibility: Our Adult IV sets are compatible with standard IV catheters and infusion devices, making them convenient for use in various healthcare settings.

Patient Safety: The flow regulator helps prevent over-infusion or under-infusion, enhancing patient safety during treatment.

Smooth and Consistent Flow: INFUREX IV sets ensure a smooth and consistent flow of fluids, promoting effective treatment outcomes.

UV Protection: The UV Protected IV Set safeguards light-sensitive medications from degradation caused by UV exposure, ensuring their efficacy.

Transparent Tubing: The clear and transparent tubing allows for easy monitoring of the fluid levels, air bubbles, and any irregularities during administration.

Product Name	Specification	Sizes
Infurex® Adult I.V. set with Flow Regulator	Regular	Adult (180cm)
Infurex® Adult I.V. set with Flow Regulator (Light Proof)	UV Protected	Adult (180cm)

Product List

At Prospectus Therapeutics, we are committed to providing a comprehensive range of top-quality medications to support better health and well-being. Our products are meticulously formulated and manufactured to the highest standards, ensuring safety, efficacy, and patient satisfaction.

Pharmaceutical
